Current Hours on Facebook

*As a small family run business we have seen large increases and shortages on everything from product (especially seafood), utilities, supplies, takeout packaging, and labor just to name a few. Without cutting back on portions or quality, we have no choice but to increase prices. We are trying our best to keep our restaurant staffed, menu items in stock, and our customers happy. We are working to hire new people to be able to return to our regular business hours, but as of now we will remain closed on Mondays and Tuesdays. We know you have many options when dining out and that rising prices makes it more difficult to do so as often, so we thank you for your continued business and support. - Dan*
